

Johnson County Central Public Schools

Custodial Services

Johnson County Central Public Schools, home of the Thunderbirds, strive to create lifelong learners and develop citizens for tomorrow on their journey to excellence.

CHALLENGE

Johnson County Central Public Schools wanted to cut the costs of their custodial program without sacrificing quality of service.

SOLUTION

ABM was able to help Johnson County Central Public Schools to achieve their goals in several ways. To allow for better planning and redistribution of money, ABM defined an annual custodial services budget and provided employee benefits. Hiring locally and having an on-call workforce nearby allowed service to continue running smoothly at each school within the county.

SERVICES PROVIDED

- Custodial services
- Hard surface floorcare
- Landscape and grounds
- Carpet care
- Window washing
- Event and program set-up/clean-up
