

Facility Service Staffing: Solving the Workforce Challenge

At the heart of any facility services program are the people doing the work. But finding and retaining workers is a daunting challenge.

Top Challenges of Facility Service Staffing

- 1 Turnover**
75-150% average turnover rate in facility services
- 2 Recruitment**
Skilled trades are the #1 hardest positions to fill
- 3 Aging Workforce**
50.9 the average age of the facility management workforce

Case Study: Art Rodriguez, ABM Employee

At ABM, we provide services, but people are the lifeblood of what we do. By self-performing, we staff our clients' facilities with qualified, reliable employees. And that translates to service quality.

ABM Builds Value for clients by keeping their properties safe, clean, comfortable and energy efficient through individual or integrated solutions. Learn more: 866.624.1520 or ABM.com/IFS
