

## Leave Your Facility To-Do List to ABM

Keeping up with the demands of operating your facility takes time away from engaging with your building occupants. With ABM as your facility services partner, you can leave your to-do list to us.

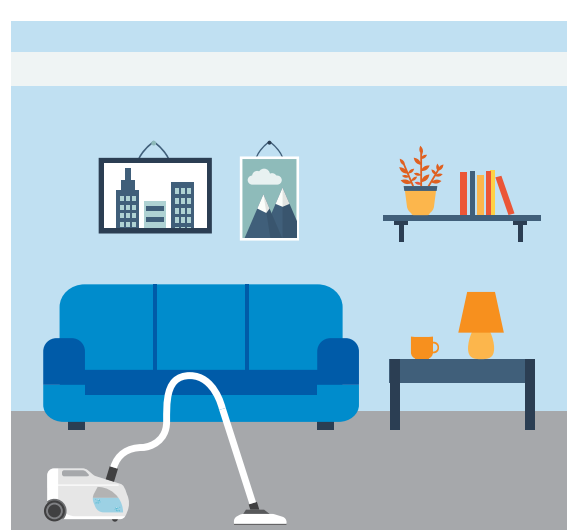

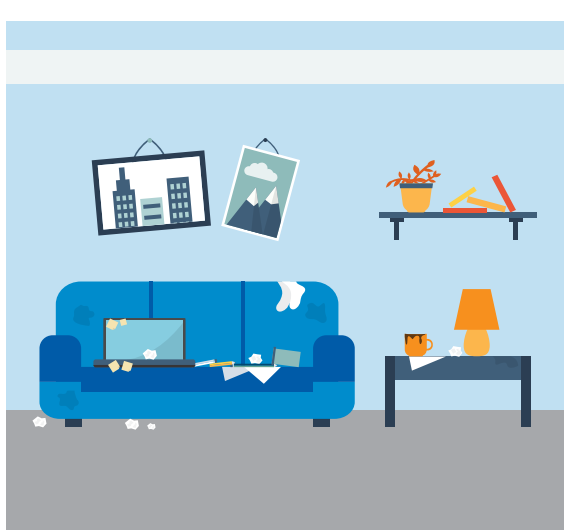

**93%** of people believe the condition of workplace restrooms is an indicator of how much a company values its employees.

As cleaning experts, we keep our clients' restrooms spotless, while also conserving water and paper.

**76%** of employees see the break room as the dirtiest place in the office.

Our day porters maintain cleanliness in high traffic areas throughout the day so dirt doesn't pile up.

**39%** of employees want touch-free restroom features.

ABM provides state-of-the-art hand hygiene technology and educational materials to prevent the spread of germs.

**1/2** of all millennials say working for an eco-friendly company is important.

The ABM GreenCare® program promotes a healthy, comfortable environment while reducing the harm done to the environment.

**You take care of business. We'll take care of the rest.**

From spotless restrooms to sparkling floors, ABM understands how much your building's occupants value working in a clean, comfortable, and sustainable facility.

Let us take care of your to-do list.
