

## ABM Showcases Solutions Through Virtual Reality Experience at IREM Global Summit

**New York, NY – September 9, 2019** – ABM, a leading provider of facility solutions, will present a virtual environment at the Institute of Real Estate Management (IREM) Global Summit 2019, held in San Francisco from September 23-26. The interactive tool, which will be located at ABM’s booth, #1501, lets real estate professionals direct their own experience as they discover how facility solutions improve the impacts of built environments on people, operations, and property values.

ABM is also proud to present the Real Estate Management Excellence (REME) Awards, which will be held during the summit. As the founding sponsor of the REME Awards in 2014, ABM has continued to support the peer-nominated award program, which celebrates exceptional initiative and ingenuity in real estate management.

“ABM’s mission is to make a difference, every person, every day, so we relish the opportunity to recognize the achievements of real estate management professionals who do just that for their clients and communities,” said Robert Dawes, VP of Operations, Northern California, who will kick off the awards on behalf of ABM.

A Chairman Level IREM Industry Partner since 2015, ABM is also sponsoring the education session “How to Maximize Employee Performance & Processes,” scheduled for Wednesday, September 25 at 9:00 a.m. PST.
