

EVs Are Everywhere. Is Your Facility Ready?

Why You Should Get Up to Speed

1. Attract EV Drivers

30% of all new vehicle sales will be EVs and hybrids by 2025.¹

2. Reduce Costs

Engine efficiency:

- Electric Motor  **85-90%**
- Gas Motor  **20-30%²**

3. Enhance Sustainability

- Reduce Your Carbon Footprint.
- Store Energy On Site.

How to Harness the Full Value of EVs

All those benefits of electric vehicles depend on a holistic solution.

EV Charging Stations

Fleet Vehicles

Parking Management

Power Infrastructure

Choose a Partner
with Proven Experience:

12,000+
Charging points installed

1,000+
Shuttles in operation
